AAA 2024 Dunn Award – for Research Projects in Global Advertising by Graduate Students

Submission Deadline: Friday, November 3, 2023

The American Academy of Advertising is fortunate to have received monies in memory of a former AAA President, S. Watson Dunn.

The S. Watson Dunn Memorial Fund is intended to fund future graduate student research projects in the area of global advertising. This need not be a dissertation. Each award, typically, is in the range of \$500 to \$1,000.

Awards are based on a competitive review of research projects. While members can submit as many single or joint proposals as desired within a given year, authors cannot receive funding for more than one proposal. Winners must comply with the following requirements:

- Persons submitting proposals must be current members of the American Academy of Advertising. If funded, you must also maintain membership until you complete your project.
- Winners must grant the Journal of Advertising (JA), Journal of Current Issues & Research in Advertising (JCIRA), or Journal of Interactive Advertising (JIAD) first right of refusal on any papers resulting from the supported research. Should the winners not write a paper, a copy of the project results must be submitted to the AAA Research Chair. Winners receive half of the award at the time of selection and the other half of the award when the first completed paper is submitted to the JA, JCIRA, or JIAD – or – when the project results are submitted to the Research Chair.
- Winners must complete the awarded research project in three years to receive the second half of the award. If the project is not completed in three years, the second half of the award is automatically forfeited. For example, a 2024 Dunn Award winner has, until April 1, 2027, to complete the project in order to receive the second half of the award.
